

Plan Type
Official plan type based on: 1-Year SPF report
Performance Plan: Low Participation
74.9 / 100

The school's official plan type is based on either the 1-year or multi-year framework as indicated in the right hand corner of the black title bar above. Schools are assigned a plan type based on the overall percent of points earned on the official framework. The overall percent of framework points is calculated from the percentage of points earned out of points eligible. The official percent of points earned is matched to the scoring guide to determine the plan type. Failing to meet the accountability participation rate of 95% on two or more assessments will reduce the overall plan type by one level. Please see the scoring guide at the end of this report for additional information.

This page displays the performance indicator data for the elementary school level. For additional information regarding Academic Achievement and Academic Growth points, cut-points, and ratings see the scoring guide at the end of this document.

The Participation Rate includes parent excuses in the denominator and excludes English Learners in their first year in the United States who took the WIDA ACCESS for ELLS instead of the PARCC ELA assessment in the numerator and denominator.

Academic Achievement: reflects the mean scale score for the identified subject and student group based on 2017 assessment results.

Academic Growth: reflects the median student growth percentile for the identified student group based on 2017 CMAS PARCC growth results for Math and English Language Arts. English Language Proficiency has not yet been calculated or validated and so is not included.

Data on this page are based on results from 2016-17, unless otherwise noted. For additional information, reference the scoring guide on the last page of this report.

Preliminary Plan Type

Performance Plan: Low Participation[^]

71.3 / 100

This is the plan type the school is required to adopt and implement, which is based on the data associated with the version type indicated on the upper right-hand corner of this report. Please see the scoring guide at the end of this report for information on the data included with each version. Schools are assigned a plan type based on the overall percent of points earned. The official percent of points earned is matched to the scoring guide to determine the plan type. Failing to meet the accountability participation rate of 95% on more than one assessment will reduce the overall plan type by one level. Framework points are calculated using the percentage of points earned out of points eligible.

Informational Report - Not for State Accountability

This is the plan type the school is required to adopt and implement, which is based on either the 1 Year or 3 Year (as indicated on the upper right-hand corner) School Performance Framework. Schools are assigned a plan type based on the overall percent of points earned. The official percent of points earned is matched to the scoring guide to determine the plan type. Failing to meet participation requirements (excluding parent excuses) will reduce the overall plan type. Framework points are calculated using the percentage of points earned out of points eligible.

English language arts and math growth will be available in the Fall report.

This page displays the performance indicator data for the elementary school level. Points are assigned for the 'All Students,' 'Combined Subgroups,' and 'English Language Proficiency' categories only. The 'Combined Subgroups' includes any student identified in any of the four presented disaggregated groups and is counted only once. The disaggregated groups are presented for informational purposes and are not factored into the final ratings. For additional information concerning the determination of Academic Achievement and/or Academic Growth ratings along with targets see the scoring guide at the end of this document. Please note that the alternate assessment, DLM/CoAlt, is not included in this report but will be included in the official Fall reports.
