

4th Grade Math Essential TEKS
Progress Monitoring Chart

Student Name Nerik Rmaha

Student Expectation Description	TEKS	Dates/ Description of Assessments															
		Topic 1 CFA 8/24	Topic 1 Test 9/2	Topic 2 CFA 9/16	Topic 2 Test 9/28												
Represent the value of the digit in whole #s through 1,000,000,000 & decimals to the hundredths place	2B	0	80														
Relate decimals to fractions (tenths and hundredths)	2G		100														
Compare 2 fractions with different numerators and denominators	3D																
Represent & solve add/sub of fractions with equal denominators	3E																
Add/sub whole numbers and decimals using standard algorithm	4A			50	40												
Solve one & two step mult/div problems including interpreting remainders	4H																
Represent multi-step problems (all ops) using strip diagrams & equations	5A			50	60												
Represent problems using an input-output table	5B				100												
Solve problems related to perimeter and area of rectangles	5D				40												
Classify 2D figures based on lines and angles	6D																
Determine approximate measure of angles using a protractor	7C																
Solve problems of length, time, liquid volumes, mass & money (all ops)	8C																
Represent data on a frequency table, dot plot, or stem-and-leaf plot (whole #s & fractions)	9A
