Looking Back to 2020-2021

Domain 1 - based on spring 2021 STAAR scores, would your campus have made an A in Domain 1 Student Achievement? Select your answer below. *Tip: this information can be found on your dashboard from last year, each campus was given a copy at Data Day.*

	YES	Be prepared to discuss how your tested grade levels/content performed and what led to your success.
	NO	Be prepared to discuss how your tested grade levels/content performed and what caused the overall score below 60. These areas should be addressed in this year's instructional priorities.

Domain 3 - based on spring 2021 STAAR scores, did your campus meet all academic achievement (students scoring at meets or above) targets for student groups? *Tip: this information can be found in your Data Day files under the Keno activity.*

	YES	Be prepared to discuss how your student groups performed and what led to your success.
	NO	Be prepared to discuss how your student groups performed and what caused the group to miss the target. These areas should be addressed in this year's instructional priorities.
