

Attendance Data October 2018

Chronic absenteeism is a continuing problem at our school. We have started a variety of interventions to increase attendance and close the gaps in subgroups. This report is an example of how we analyze monthly data. Please note overall increases in attendance for the 2018/2019 school year. We wanted to include this as an example of continuing data analysis and evidence of interventions in all areas in our school.

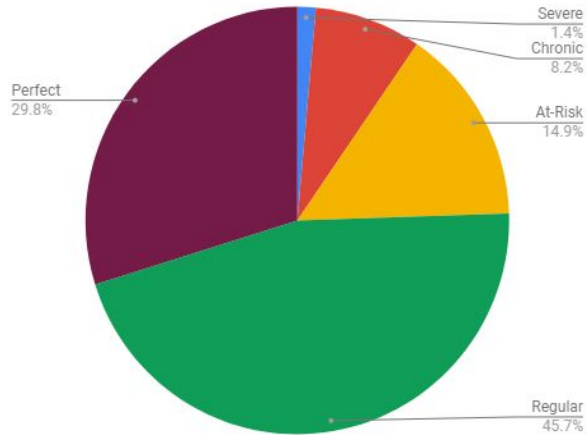

Comparison from last year to this year with current 7th graders only.

2018

65.4% Regular

2017

75.5% Regular Attendance

Current Year Progress for 885 Lava Ridge Students
