

Baxter Elementary Subgroup Data

The figures below represent levels of subgroup achievement at Baxter Elementary School on the Iowa Statewide Assessment of Student Progress (ISASP) from the years 2018-2023. (Note 2020 data is absent because the tests were not administered due to the pandemic.)

The data is representative of a combination of students in third, fourth, and fifth grades. ISASP reports do not include information on subgroups with fewer than ten students, which is the case for the individual grade levels at our school. Additionally, we do not have more than ten students overall who are English language learners so that subgroup does not have a report.

Figure 1 below is representative of percent proficient scores for students enrolled in the free/reduced lunch program. Figure 2 is representative of percent proficient scores for students with individual education plans (IEPs).

Figure 1

2018-2023 ISASP Percent Proficient for Students Enrolled in Free/Reduced Lunch Program
