

Biology Campus BOY Data 22-23

By Campus Reflection:

- THS is behind TMHS in pacing calendar but students did equally as well on newer content
- TSA focus on literacy is on target to match or exceed “meet” and “masters” scores from 2022 STAAR
- TMHS teams are more cohesive and focusing on student achievement with intentional targeting of emergent bilingual students

Next Steps:

- continue to focus on reading and analyzing data
- increase exposure and practice of new item types in preparation for interim and STAAR
- content specialists will put an intentional focus on low scoring content during campus PLC
- focus on closing achievement gaps between subpopulations with strategic interventions
- science content specialist will collaborate with specialized support campus specialists and multilingual specialists
