

Date:

Attending

Overarching Goals:

- ***80% of students or greater will achieve proficiency as measured by Fountas and Pinnell's Benchmark Assessment System***
- ***80% of students or greater will meet or exceed the 69th percentile as measured by NWEA's MAP reading assessment in Spring 2019.***
- ***80% of students or greater will meet or exceed the 69th percentile as measured by NWEA's MAP math assessment in Spring 2019.***
- ***90% of Elm students will not be at-risk in the area of Social Awareness s on the Satchel screening in the spring.***

Norms:

- ***Start on time/End on Time***
- ***Put students first***
- ***Listen to others ideas and points of view***
- ***Conversation focused on student data and solutions***

What do we want students to learn (SMART GOAL)?

By when (list date)?

How will we know if they learn it?-SHARE STUDENT SAMPLES

How will we respond when some students do not learn? What are we doing for these students (interventions to ensure students receive additional time and support for learning)?

How will we extend learning for those that are already proficient (enrichment opportunities)?

Next week:
