During PLC , Professional learning Communities, we focus on 4 Questions called “Critical Questions of PLC”:

. Everything we do focuses on them

1.What do we want students to learn?

2.How will we know if they learned it?

3.What will we do if they don't learn it?

4.What will we do when they do?

We have different structures in place to help us lead to higher student outcomes. Below are some descriptions to help you internalize and better prepare for our collaborations.
