

Kingston Elementary Evidence of Success

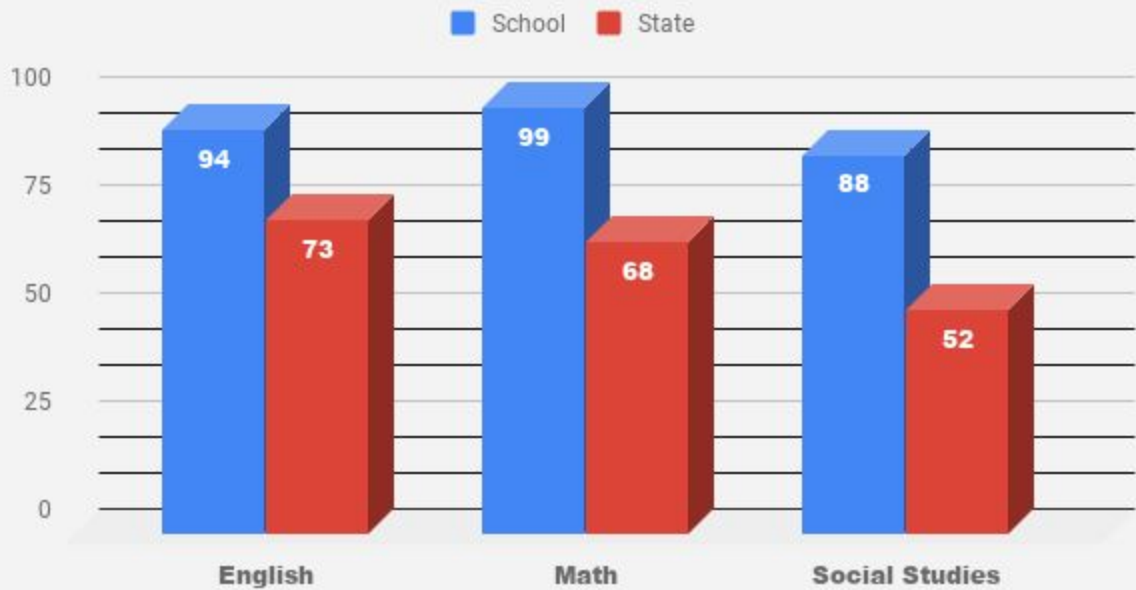

Our School Performance Score (SPS) is calculated annually using state assessment data. We have consistently increased our SPS. In 2016 we were 25.3 points above the district performance score and 34 points above the state performance score. As state and district scores continued to rise, Kingston Elementary remained on top by performing 21.5 points above the district performance score and 30.4 points above the state performance score.

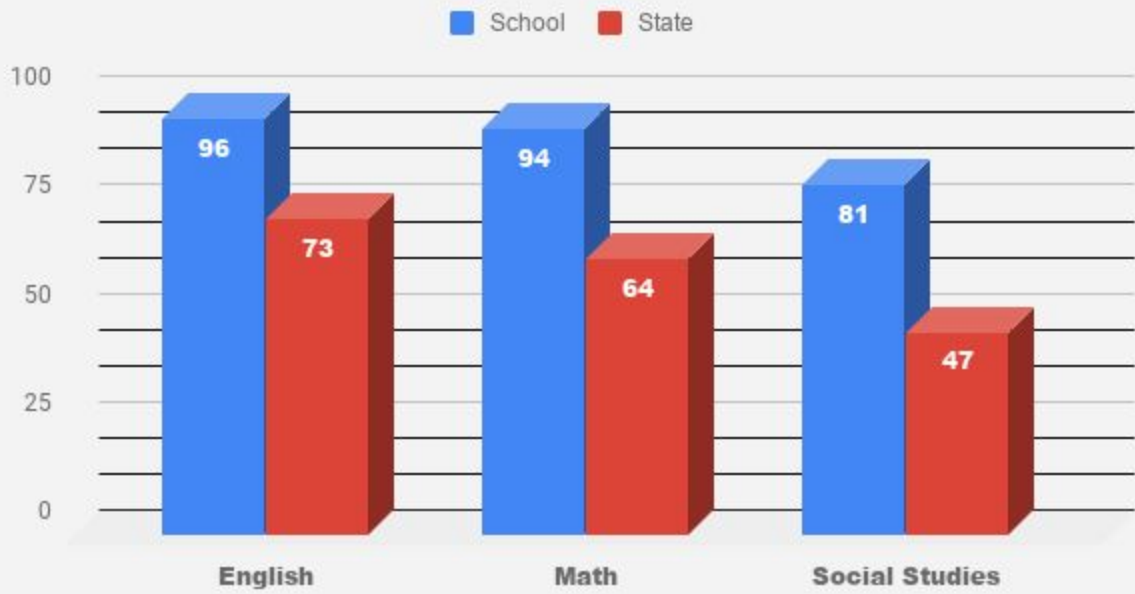

2018- 3rd Grade Percentage of Proficient Students

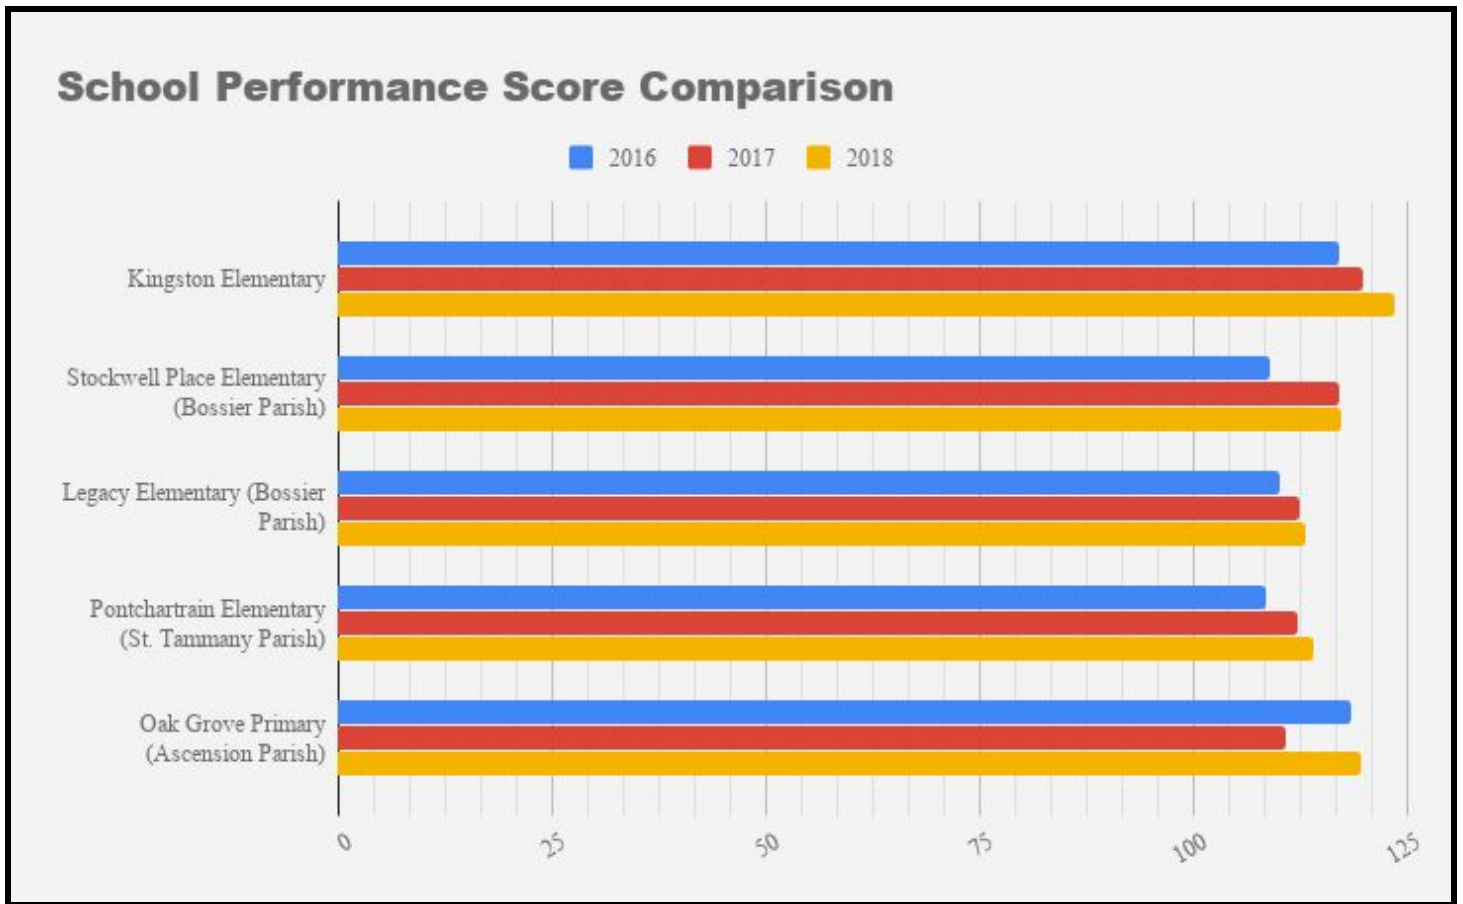

2018- 4th Grade Percentage of Proficient Students

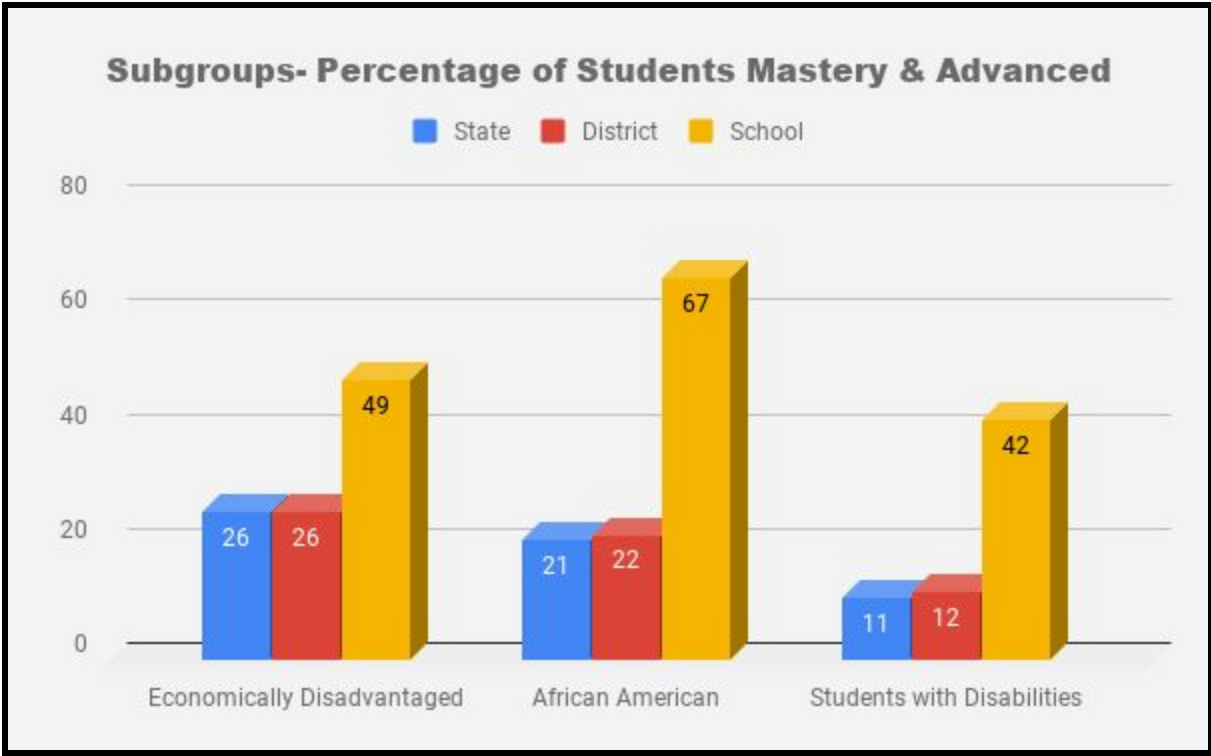

2018- 5th Grade Percentage of Proficient Students

We have also earned the rank of top performing elementary school in our district for the past three years, and in 2018 we achieved our goal of being the top performing neighborhood school in the state of Louisiana. We have looked at the success of schools similar to ours within our district and state.

We have also demonstrated success with our subgroups.. Our economically disadvantaged and minority students subgroups have performed exceptionally well and have exceeded the district's scores by significant margin. We were recognized with an Equity Honor award by the state for reaching ALL students.

Please see subgroup performance on school report card.
