* Washington State does not have accountability measures for

*** Due to Covid, benchmark testing was not available for Spring

**Aimsweb is a norm refrenced assessment vs. criterion referenced therefore student growth percentiles are used for measurements of success and National Percentile Rankings are used to identify students who need additional supports. The growth scale is as follows:

High Growth= 67%-99% SGP
High Typical Growth = 51%-66% SGP
Low Typical Growth = 34%-50% SGP
Low Growth = 0%-33% SGP

**** Fall and winter benchmark testing was done through distance learning, Spring benchmark was done in-person

*Kindergarten Math benchmarking begins in Winter
