

## Student Group Grade Level Goals

By May 2024, Freedom grade level teams, with the support of the Special Education teacher, PLC coach, and administration, at least the following percentages of SPED students will show typical or better growth on Acadience (K-6), STAR Reading (3-6) and I-ready math (K-6). We will do this by collaborating weekly with the SPED teacher, providing accommodations for the students, and ensuring the students receive Tier 1 instruction, grade level tier 2 intervention, and allocated SPED minutes.

K - Reading: 33% typical or better growth  
Math: 66% typical or better growth

1st grade - Reading: 100% typical or better growth  
(no math SPED kids)

2nd grade - Reading: 50% typical or better growth  
Math: 50% typical or better growth

3rd grade - Reading: 100% typical or better growth  
Math: 50% typical growth

4th - Reading: 80% typical or better growth  
Math 66% typical or better growth

5th - Reading: 80% typical or better growth  
Math: 80% typical or better growth

6th - Reading: 70% typical or better growth  
Math: 80% typical or better growth
