

## Bartley Fidelity Checklist for Teams

### Collaboration

- Collaborate 2+ hours a week
- Maintain Google Classroom during collaborative time - Be Transparent!
- Reflect with team on meeting structures, norms, surveys
- Generate and submit artifacts and evidence of our work to the leadership team**
- Check with special ed teacher on fidelity of implementation of accommodations, modifications, and/or interventions are conducted

### Data Team Cycle

- Unwrap ELO's prior to doing smart goal
- SMART Goals - 2 Math - 2 ELA per semester (science & SS as you can fit them in).
- Analyze cause data to monitor adult actions and analyze effect data to monitor student achievement (is the core working? what can you be doing differently?)
- Identify students who need intervention (additional time and support to master essential learning to work within the system and school day to provide that support)**
- Use smart goals to develop action plan**
- Use student data to drive problem solving process
- Action steps 4 and 5- done with fidelity**

### Assessments

- Collaboratively design frequent formative assessments
- Involve students in the assessment process
- Develop and use criteria to judge student work (rubrics)
- Use summative assessments to assess the strengths and weaknesses of instructional programs
- Reflect on common assessments for optimal student growth**
- Make sure our students who show they have learned it receive enrichment**
- Students self assess and set goals (reflection)**

### Feedback

- Develop and apply strategies for descriptive student feedback
- Evidence of descriptive feedback and share examples (blog)

- Celebrate!**
