

# HPE PLC Meeting Cycle

This cycle can be used as a guide for each PLC. A PLC does not have to start at the beginning of the cycle at each meeting.

- Complete Unit Plan (Before the Unit Begins)
- Discuss and Plan Instruction
- Teach and Assess
- Analyze Common Assessment Data
  - Which instructional practices worked?
  - Which instructional practices did not work?
  - How did the results compare among teachers? What did the most successful teacher do differently?
  - Are there any trends?
  - Which students did not master the essential standard?
    - Who needs Tier 2 intervention?
    - Who needs Tier 3 intervention?
  - Which students need enrichment?
- How will we intervene for students who did not master the essential?
- How will we extend the learning for those who need enrichment?
