

Jon Doe	Concern	Cause	Desired Outcome	Who Takes Responsibility	Comments
	Jon frequently gets off task and distracts others in class.	He has difficulty maintaining attention and it does not seem to be an intentional behavior. However, he does also seek attention and approval from other student	Jon will understand his impact on other students and take responsibility to refocus when he loses the thread of the lesson or activity.	Manning	- Mother is the best contact at home, his dad works a lot.
	Dates	Intervention #1	Intervention #2	Intervention #3	Tier 3 Team Interventions
	8/1/2018	Audible cue used by all teachers to help return to task.	Contacted parents about behavior. Parents will use the audible cue at home as well. In class we will assign a peer mentor in each class to prompt the student.	We will use a behavior tracker. Jon will collect from his first period teacher and set a goal for the day. At the end of school, he will review his performance with his sixth period teacher.	
	8/15/2018	Results #1	Results #2	Results #3	Results #4
8/30/2018	Slight improvement, but the student continues to distract others.	Student views the mentor as a babysitter and has regressed due to others being aware of the situation.	Jon frequently loses his tracker and shows up to first period late to avoid starting his tracker.		
Jane Doe	Concern	Cause	Desired Outcome	Who Takes Responsibility	Comments
			attend more school, receive more help and time during school to complete assignments		
	Dates	Intervention #1	Intervention #2	Intervention #3	Tier 3 Team Interventions
	8/10/2018	Reached out to do home visit. Mom emailed back and said they were not going to be home.	Place her in learning strategies. She has even personally asked her advisory teacher (Rachel) to receive extra help. Shorten math assignments and lower Mathspace to 4th grade. Will find a lower reading level book to her interest to try to encourage her to read		She is in Learning Strategies
	9/17/2018	Results #1	Results #2	Results #3	Results #4
	To build a good connection before school to promote communication and better attendance.	11/19/18- Has responded better to her math accommodations and being in learning strategies. There is a whole team behind her that is helping her complete assignments, especially in math. Jandi, Gemini, Brandon, and Jamie. But she is still missing too much school for any of this to make a difference.			
Alexander Hamilton	Concern	Cause	Desired Outcome	Who Takes Responsibility	Comments
	Academically low, needs motivation		feel confident with academics		
	Dates	Intervention #1	Intervention #2	Intervention #3	Tier 3 Team Interventions

	8/10/2018	Reached out to do a home visit, went to his house and he was asleep. Left gift bag to older brother.	Do an immediate positive reward system in math to keep up on notes and assignment and if he accomplishes this during classtime, we will shorten his assignment a little. Spend time in advisory working on Mathspace/Moby Max and reads at home. Lower his Mathspace level to 6th grade		
	9/17/2018	Results #1	Results #2	Results #3	Results #4
		To build a good connection before school to promote communication and better attendance.	He is working on Mathspace and his math assignments are being shortened which is helping him turn in more assignments. He was having a few good weeks in late September, early October but started going down hill again late October. Shows a disinterest in completing assignments and starting them on his own. He is even falling asleep in class, sometimes even sitting up. Brandon contacted mom about his extreme tiredness.
