Dear mom

We need candy for trick or treaters. I have candies in mind so we can get chocolate and candy corn. Cause if we don't have candy we won't have trick or treaters and we will have a lame trick or treat.

Why kids like chocolate. Kids like chocolates because it tastes sweet. You can put chocolate in your milk and you can put chocolate in your smores. Some kids like milk chocolate some kids like dark chocolate. And some kids like their chocolate dip in caramel. You can have chocolate ice cream some kids like mint chocolate some kids like the chocolate kisses some kids like oreos. Some kids dip their oreos in their milk. Why kids like candy corn. Kids like candy corn because of the tastes. Some kids dip their candy corn in chocolate or in caramel or in mint chocolate some kids don't want their candy corn dipped some kids also like candy corn on their cake some kids like candy corn on their ice cream. And that's why we need candy for halloween so we need to buy candy for halloween so we won't be the lame house on halloween. So we are going shopping for halloween candy corn and chocolate.

I think we should put a bowl out on the street for trick or treaters so we do not get tricked when we are away so I don't have to worry about are house getting toilet papered bi trick or treaters because I do not want to spend three hours on the top of the house cleaning the roof.

Gummy worm.

Gummy worms are my personal favorite to get on halloween. If you don't have good teeth these can be a good choice if you like sour stuff there are sour gummy worms. If you don't like sour there are regular gummy worms and if you want a halloween stile gummy there are halloween stile gummy worms!

Jake, you must be 18 years or older to buy.

Hershey bar

Hershey bars are my second favorite candy because the sensation of the melting in your mouth just gives me the jingles. I love it when that happens. If you do not like regular candy I do recommend it that you chire it if you do not like milk chocolate you can have cooke and cream or dark chocolate or just have regular white chocolate my favorite taste is cooke and cream.

As you can see I love hershey bars and gummy worms for are suckses of the no sugar month I think we should get us some of the candy I suggested me and you we should go yo the store before all the candy selles out Hershey bar. Gummy worms tasty. Both kids like good tricks or treats. and grown ups like them too.

Dear, Dad & Mom

Do you like M&Ms or Kit-Kat? If you don't, then I'll show you very good reasons why you should have these candies! If you still don't like them, then I don't know what to say at all... Well I will have one thing to say... You're picky with candy!!! Hopefully you will like these if you don't already. Enjoy!

One thing that you should definitely get for Halloween is Kit-Kats. They taste very sweet and crunchy and are very chocolatey. They are great for Halloween and any occasion! In my opinion, they are the best chocolate. They have a soft chocolate crust with crispy wafers inside! And those are all the reasons why they are my favorite chocolate.

Another thing you should get for Halloween is M&Ms. They have a crunchy crust and a soft dark chocolate on the inside. Also they can make your tongue whatever color it is! They are very popular worldwide and are very common for halloween. They are also great for all occasions! I think you should get both M&Ms and Kit Kat! It's up to you to decide!

Both taste great! Both of them are very chocolatey. And they both are crunchy! They both are very popular too! Also did you know that both M&Ms and Kit-Kat can be used to make a very tasty cake? They are also used in all occasions! Both of them are very good! I think you should get both of them! But you can choose whether M&Ms or Kit-Kat are better.

If that didn't make you like those candies, then I have no idea what to do!!! It's impossible for you to not like it after this! Anyways, Hurry up cause it's halloween soon and you'll miss out on a lot of yummy stuff!

Sincerely your son,

My Pet Lion

I would like you to meet the king of the savanna Simba. When Simba came I had to buy a lot of food lately. Also I have to play with him and he's so cute. Now that he's growing he's growing a mane and he's roaring.

Please be gentle around Simba. He's cute but he will scratch. His mane is brown as chocolate, and he is as big as a rino. His head is shaped like a delicious chocolate chip cookie. Also Simba's legs are as straight as straight can be. He has eyes dark as midnight. Finally he's tail is as fluffy as a pillow.

My lion needs a fluffy rock to sleep on, but when it's raining he needs a fluffy bed to sleep on in the garage. He also needs four fluffy pillows. Finally he needs bed sheets.

Simba needs a burger from Whataburger and a stake from a steakhouse. For dessert he needs ice cream from Burger King. To get all that I go to Preater Needs. I also go to the mall and go to the preater section. If I don't find what I need I shop online at annial.com.

Simba and I have an excellent relationship. When we started working together we both showed a lot of strength. Before I put him to bed I scratch his tummy then he roars. Finally when he doesn't like something he taps me and shakes his head no.

I really enjoyed you listening and learning about my lion Simba. He was small but I still love him. I would enjoy you getting a pet lion but be careful. Cause they will scratch but they're still cute. So remember if you do get a pet lion do what I did to take care of it.

My New Duck (Lacy)

Today I am going to introduce you to my new duck named Duckbert. He is so adorable and hilarious. He's also a professional soccer boss.

Duckbert has feathers that are as soft as a pillow, and his feathers are as yellow as the sun. His eyes are beady black. Duckberts beak is orange, hard and bumpy like a rock. His neck is stubby and unfortunately the size of 2 pencils side by side. His feet are fragile, orange, and very similar to chicken feet. Duckberts head is smooth like a pebble, round, and kinda fuzzy since he isn't very old.

Duckbert smells like the dirty water in my backyard when it rains, and sometimes he even smells like the really good shampoo I use in my hair when I take a shower.

Duckbert eats bread without the crust, he also eats popcorn with a lot of butter. It's so much that it ofens starts to drip off of the popcorn. Oats are one of his favorites, but his most valuable possession is chocolate donuts with sprinkles.

My new duck would probably sleep next to me while I cuddle him. when I don't bring him to the ice cream parlour he makes me sleep on the couch while he hogs all the blankets on my bed.

Duckberts personality is full of curiosity. He is partly a sore loser and winner when it comes to sports, or games. Duckbert is the most ridiculous duck I've ever met. He is very stubborn but besides that I admire duckbert so much.

I think you should get a duck because they are so cool and fun to hang out with. I love Duckbert so much, and I think you'll like ducks too. :)

How to care for Ginger

Have you ever seen a unicorn? Well my unicorn is named Ginger. Ginger lives in a big castle with a lot of windows. She has a special unique, and special care. She eats apples with caramel for her meals.

Ginger enjoys living in a warm, and big castle. She also really enjoys laying down, and the sun hitting her face. It also makes her feel relaxed.

Ginger needs a lot of love, and care. I need to feed Ginger five apples each day, for she gets super hungry really fast. She also needs water because after her walks she gets very thirsty.

Ginger really loves her food. Some times she gets too excited about her food, and she bites me. Due to that when I feed Ginger I need to wear gloves. I also put on vitamin powder on her apples so she won't get sick.

From now on I will always wear a pair of gloves when I feed Ginger because it really hurts when she bites me.

Make sure to do these three things. Make sure your pet has a home, and it is taken care of. Also make sure your pet is fed properly, and your all set!

Pixie The Hedgehog

Like all pets you have to take care of them. It is a little different to take care of a hedgehog. To feeding them, playing their favorite games, and having soap parties

My pet loves cotton candy flavored grapes and brownies, she loves making brownies with me. Usually she eats cotton candy flavored grapes, pizza bagels, and eats brownies as a yummy snack. Sadly Pixie me hedgehog is allergic to peanut butter.

Pixie loves to play a lot. My pet likes to play with ping pong balls and go outside. When it's cold she plays with ping pong balls and fidget spinners, she likes when they spin. When it is warm enough we play outside with the pale and shovel pretending we're at the beach, or go for a little saunter around the block.

My hedgehog gets dirty a lot from being outside, to wash a hedgehog you first need to fill a bowl with water and add lots of soap. I get a towel ready to dry her off when she's done. I clean her with my hands. Then I dry her off with the towel, and comb her spikes.

It's difficult to take care of a hedgehog but I also love it. She is so vivacious, but she can be a little mischievous. I Love cleaning her, playing with her, and feeding her. All I need to do is teach her not to always crawl in the stockings.

Life as a Fourth Grader

Do you ever wonder what it's like to be a fourth grader? Well I don't, because I am one! In fourth grade, you get to do and learn lots of cool stuff like learn long division, answer fun questions, and you also get to learn more about your teachers!

In fourth grade, you get to learn long division! In long division there are 3 steps to it: divide, multiply, subtract, compare, and bring down. Oh! Wanna know what we call it for short? Does mcdonalds sell cheese burgers! Haha! So weird, yet so funny!

What you also get to do in fourth grade (at least in my class) is what my class calls "all about me"! Its when Mrs. Morey (my teacher) puts up 1 - 3 questions on the smart board such as, "What would you put on a hamburger?" and stuff like that.

Another thing you get to do in fourth grade is that you get to meet your new teachers! My teachers, Mrs. Morey and Ms. Wells, are super nice and caring! They give a plethora of comments to us, and even if we are loud, they are both super calm about it! I wish everyone could have great teachers like mine!

I feel like everyone should be nice to their teachers and friends because you never know what will happen. You should give your best effort in school, no matter what!!!

Water Drop Tragedy

Once upon a time, there was a little water drop named Bill. He had a great personality. He was casually strolling down the stream of a river until the sun started shining and he started rising up. "Woah!!! I'm scared of heights help!" he exclaimed. He was horror-struck. All the other tiny raindrops in the river knew what was happening except for him. He kept floating up, and up, until he started transforming back into himself again. And he said "Hooray!!" He then met up with other raindrops and formed a cloud. They traveled very far until there was no space left in the cloud and they all started falling and Bill fell, and fell, until he plopped down on a person's head. He was then carried all the way until he met more water and traveled back to an ocean or river.

The seasons on earth change, but some people don't know what order they're in. There's really no right or wrong answer, but in my opinion, when the first cavemen named the earth, I believe it was very hot. Therefore it was most likely spring or summer. Now, you and me Earth, like the entire world, both know that there are 4 seasons. The other 2 seasons are, as we know, fall and winter.

Okay I know I've talked about the seasons, but right now I just want to talk about spring. Spring actually got its name from the leaves springing out of the grass in that particular season. Fall also got its name because the leaves fall to the ground.

Summer, I think, got its name because it's the sun of all the hottest in the world. Winter, I'm still coming up for a name for winter.

If you want my advice, you should be grateful for the super fun seasons that we have!!!

Important person

Although there are a lot of important people in my life, my mom is one that I see most often. Due to the fact she is calm in tough situations, she encourages me, and she is the source for my love of helping, she is one of my biggest inspirations. Remember, sometimes an everyday person can become your biggest role model ;).

"Wahh" I cried. As soon as I was born, I knew I had a friend. Her name was Mom. She is one of the best friends I have. I knew my mom would be my friend because she is calm in tough situations, she gives me courage, and she is the source of my love for helping.

One reason my mom is an important person to me is because she is calm in tough situations. One time she showed that was when we moved to America. I was not so excited because I would have to leave my family behind. My mom told me not to worry, and I trusted her because she was calm and kind.

Another reason she is an important person to me is because she gives me courage. A time she showed that was when I started digital school. I was anxious about what would happen. Then my mom clicked the join button and I had to be there. I continued until my first break. It wasn't bad :).

The last reason my mom is an important person to me is because she is the source for my love of helping. An example of when she showed that is when she inspires us to move on. I love the feeling of having someone to help me and trust. That feeling of her being there to inspire me, helps me inspire and help other people feel that feeling.
