## Morning Lexia Lab

Willowbrook Elementary believes in providing the highest quality of education for every student. We've identified your student as someone who may need additional time meeting their Lexia goals and units while at school. Beginning November **28th**, we will open a lab for your child every morning from **7:25 am - 7:45 am**. Upon arrival, your child will have the opportunity to work on their current units of instruction at their level with one of our certified staff members.

This opportunity is completely optional and your student's attendance in the morning lab is not mandatory. Your student would need to report to the lab location if he/she intends on participating upon arrival each morning. We understand that bus transportation and morning breakfast will need to come first before attending to any additional Lexia Lab time.

If you have any questions regarding this process or about your child's progress, please contact your child's teacher or myself.

Thank you,

***Christina Hamilton***
