

# Personal Goal Setting

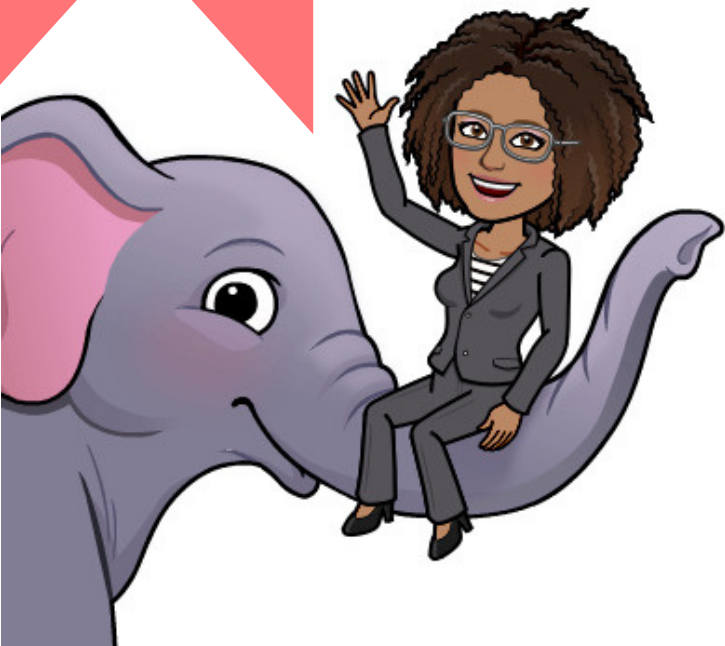

**PGP 2022-2023**

Where do you want to put your time and focus this year?

I'm it! I'm your evaluator this year. I'd like to set up some time to chat with you and begin our year together. I look forward to learning and growing with you.

-Christina

**Here are some next steps:**

# why set goals

Goals give you direction. It allows you to stay mentally and physically focused on the road to where you want to go.

# first, next, last

## MEETING

[Sign-Up](#) for a time w/  
me in the google doc.  
I'll send you a calendar  
invite.

## THINK AHEAD

Be thinking about what  
you want to personally  
focus on this year. We  
will discuss it at our  
meeting.

## PLANNING

We will meet and  
together create an  
Action Plan for the  
year.

# Two PGP Options

## Option #1: School Wide Goal

Through the implementation of a high functioning PLC, staff will utilize discussions and strategies, to work as a strong collaborative community fostering rigorous learning content, the science of reading learning strategies, and effective common assessment data to show proficiency at 90% of students in grades K-4 meeting their academic growth goal by the end of 22-23 school year on the Reading and Math MAP and ACT Aspire Assessment.

## Option #2:

Your own personal professional goal that you feel passionate about this year or an area of growth that you would like to see improve.

**Decide where you would like to focus this year.**
