Topic	Day	Assigned	Learning Target	Learning Objective	Slides	Warm Up	Notes	Notes KEY	Task	Evidence of Learning	Calendar + Vocab	Check for Understanding
Slope (types, graph, formula, standard form)	Day 1	Mariah	**Today I will ...** evaluate the horizontal and vertical change **So that I can ...** solve for slope **I'll know I've got it when ...** determine slope from multiple representations	**LO4.1** - I will determine slope from multiple representations	Slides	QUICK graphing review	Notes	KEY	Trail	Choice Index Card		
Writing equation given point and slope + graph	Day 2	Anna	**Today I will ...** apply point-slope formula **So that I can ...** write equations of lines given a point and slope **I'll know I've got it when ...** graph linear equations in two variables	**LO4.2** - I will write the equation of a line **LO4.3** - I will graph linear equations in two variables	Slides	Label the parts of the equations (given word bank); writing equation from graph (give scaffold m = , b = on side)	Notes	KEY	Trio dry erase pockets	Exit Ticket		
Writing equation given two points + graph	Day 3	Sonali	**Today I will ...** apply slope formula **So that I can ...** write the equation of line given two points using the point-slope formula **I'll know I've got it when ...** graph linear equations in two variables	**LO4.1** - I will determine slope from multiple representations **LO4.2** - I will write the equation of a line **LO4.3** - I will graph linear equations in two variables	Slides	Brain dump-- formulas and labeling parts of them	Notes	KEY	Bingo Board Bingo KEY	Formative Time		
Open note quiz + HorVer	Day 4	Glenn	**Today I will ...** analyze graphs of vertical and horizontal lines **So that I can ...** determine the slope of horizontal and vertical lines **I'll know I've got it when ...** I have written the equation and graph a horizontal or vertical line.	**LO4.1** - I will determine slope from multiple representations **LO4.2** - I will write the equation of a line **LO4.3** - I will graph linear equations in two variables	Slides	99 Math	Quiz Notes	Quiz KEY . Notes KEY	Task Card Sort extra Card sort . .	Formative Time		
Parallel + Perpendicular + graph	Day 5	Jen	**Today I will ...** identify slope **So that I can ...** write the equation of parallel and perpendicular lines **I'll know I've got it when ...** I can graph parallel and perpndicular lines	**LO4.2** - I will write the equation of a line **LO4.3** - I will graph linear equations in two variables	Slides	Horizontal and Vertical	Notes	KEY	Trail Student Page	Exit Ticket		
Review	Day 6	Khalida	**Today I will ...** summarize all characteristics of lines **So that I can ...** write the equation and graph lines **I'll know I've got it when ...** I have created an anchor chart about a lines topic	**LO4.1** - I will determine slope from multiple representations **LO4.2** - I will write the equation of a line **LO4.3** - I will graph linear equations in two variables	Slides	Formative Check + most missed Qs from day 4 quiz			Anchor Charts (assign groups based on LO score; they do their lowest score)	Formative Time
