

Platteville Middle School - Points Based Proficiency

Points based proficiency is a metric that is based on the school report card formula that provides **1.5 points** for each student that achieved “Advanced,” **1.0 point** for each student that achieved “Proficient,” and **0.5 points** for each student that achieved “Basic” on the most recent WI Forward assessment. These scores are added together and then the “Points Based Proficiency” number is achieved by averaging this data.
