Pride Time

Purpose

> To enable our school to achieve the district mission of ensuring each student is future ready by providing embedded time for collaboration and on-grade level Tier II intervention.

Summary

> Pride Time provides daily individualized instruction (intervention) for our students through:
>
> - Digital Learning programs customized for individual students
> - Small group instruction based on learning targets by classroom teachers
> - Provide enrichment time for students who have mastered learning targets through clubs and project oriented activities
> - Pride Time provides time for content area teachers to collaborate on a regular schedule to ensure viable curriculum implementation.

Additional Supports

In addition to the digital learning content, Pride Time will be used to:

- Pull students on specific days to receive small group instruction by content teachers on essential learning targets needed for grade level readiness.
- Pull students on nonspecific days to provide additional support as deemed necessary & appropriate by their team of teachers including - make up tests, missing work, makeup work, etc.
- Provide additional instructional support to Targeted students (looped from 1st period)
