

Randall Middle School

Mission

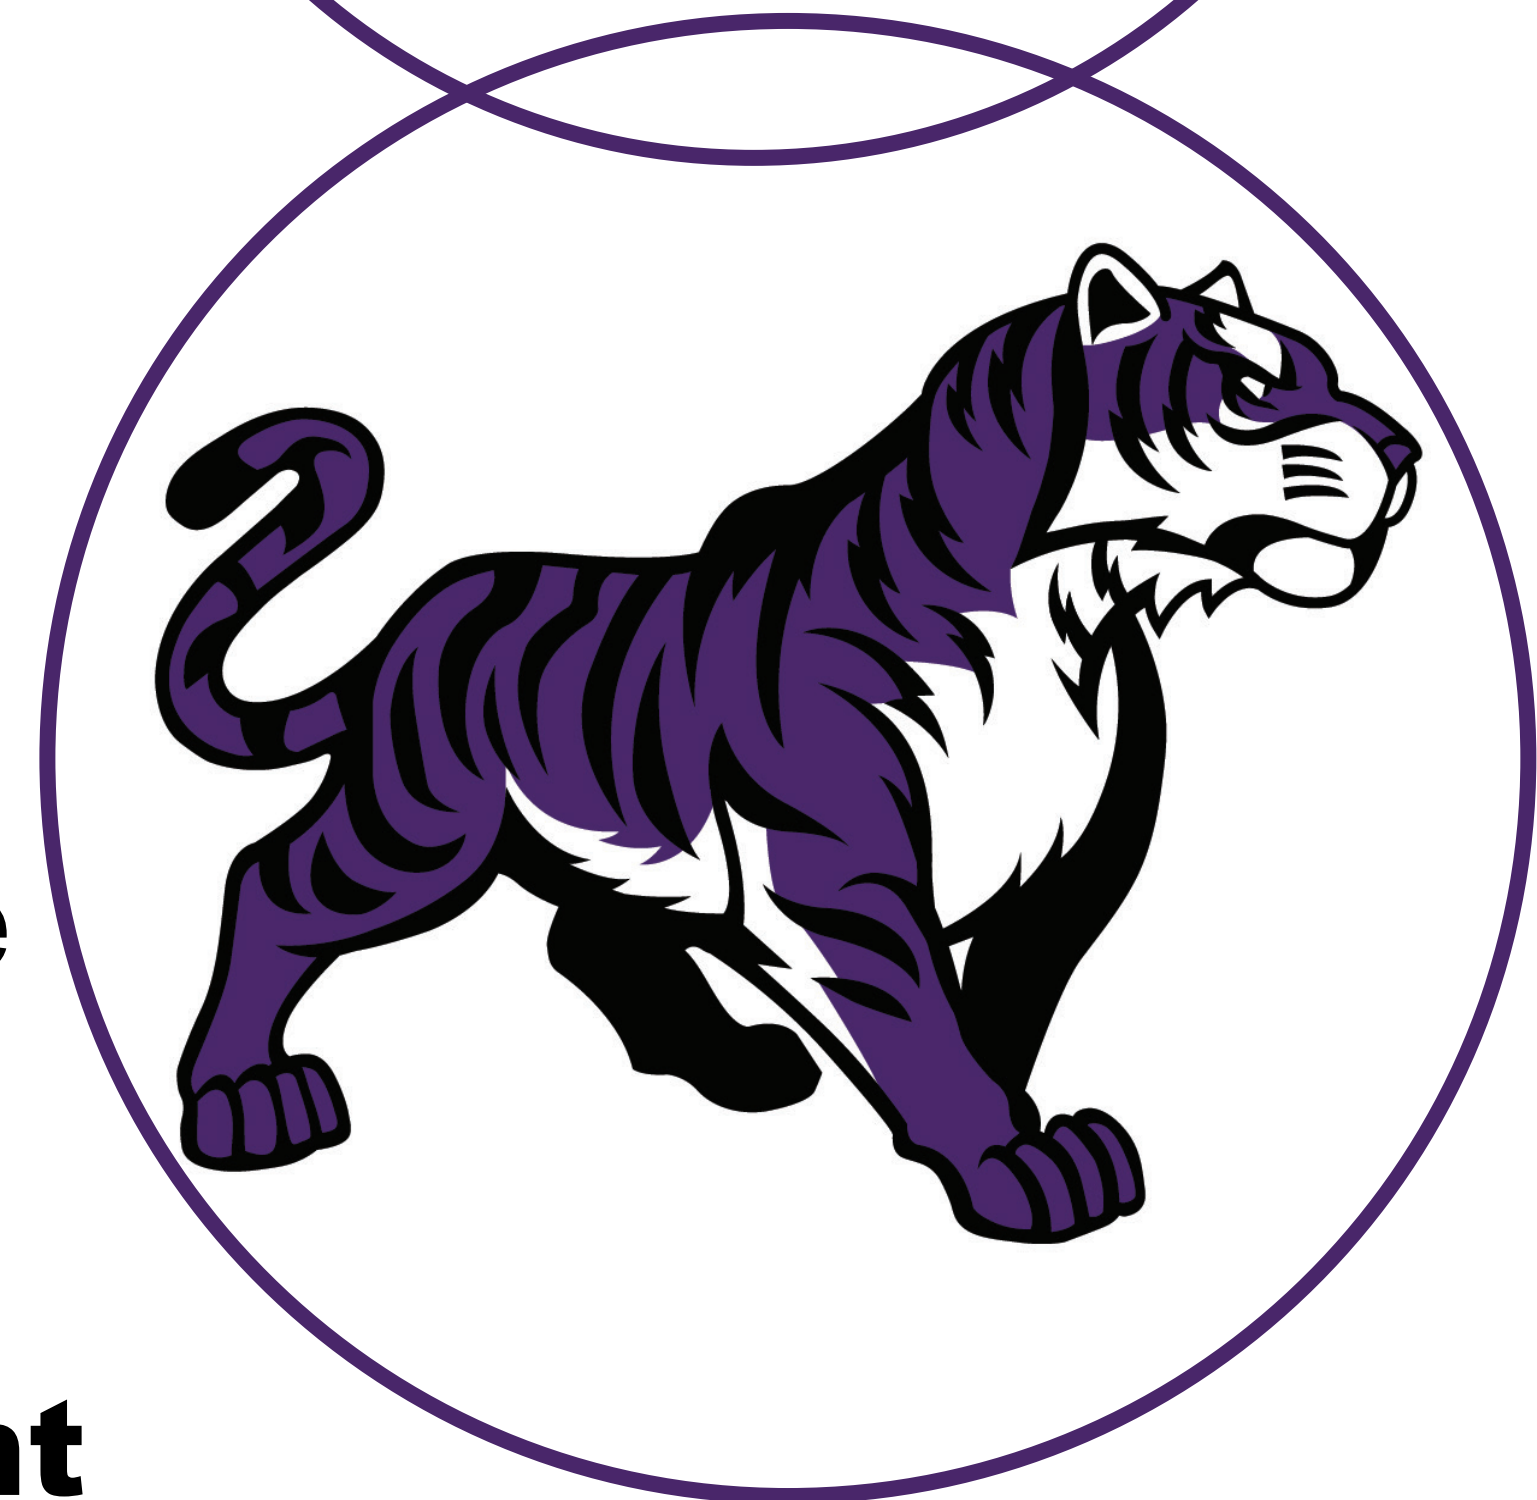

At Randall Middle School we ensure high levels of learning for all students.

Vision

Guaranteed and Viable Curriculum

At Randall Middle School all staff will collaboratively plan and set data driven learning goals to ensure high levels of learning to prepare students for a 21st century global society.

Student Engagement

Randall Middle School will be a place where instruction is engaging and everyone is empowered to take risks in, and ownership of, their learning.

Social and Emotional Learning

At Randall Middle School, all staff will build positive relationships with students, staff, and families to create a safe and nurturing environment.

All students will have access to a tier one social-emotional curriculum provided by all staff and if identified, will be provided with tier two and three interventions. All adults will model appropriate social skills, relationships, and behavior and use restorative practices.

Family and Community Involvement

At Randall Middle School we value community and family engagement to build and nurture partnerships. We will work together to provide multiple opportunities for input, communication, and collaboration to support our students emotionally, socially and academically.
