We will encourage students to support each other in pursuing excellence by sharing their areas of strength.

We will approach each day anticipating success, focusing on what we can do vs. what is beyond our control.

We are committed to high expectations for learning, behavior, and citizenship, and will model them for the school community.

We are committed to providing authentic instruction, with use of digital resources, that has value beyond school.

We are committed to data driven decision making.

We will practice self-reflection, recognize our strengths and weaknesses, and move forward with substantive solutions.

We are committed to growing as educators through professional learning in order to provide high quality instruction to our students in a safe, trusting, and collaborative environment where risk taking is encouraged.

We will acknowledge the important role of parents in their child's education and continue to strengthen communication between parents and the school community.
