## Mission Statement

**The Mission of Sovereign Avenue School is to facilitate the development of our students educationally, physically, and emotionally within a safe and orderly environment.**

# Vision Statement

**The Vision of Sovereign Avenue School is to ensure that all students experience a robust, relevant curriculum that will provide them with the knowledge and skills for success in college and careers. We want our students to be respectful, responsible, ready and make right choices in their lives. Students will be able to work collaboratively, employ digital literacy skills, and use critical thinking and problem solving skills to compete in the global economy.**

## Building Collective Commitments

- What are Collective Commitments?
- The statements that will dictate our behavior.
- Why do we need to build them collaboratively and agree to them with passion?
- These ideas will guide our work and define who we are as a school.

# WESTMONT HIGH SCHOOL COMMITMENTS (AS A SAMPLE)

We will see the best in each other.

We will relentlessly commit to the 3 Big Ideas.

We will focus on what we can do vs. what is out of our control.

We will use our time and energy to problem solve and not complain.

We will see every student as sacred (including those that challenge us the most).

We will live the Growth Mindset.

We will follow through on our S.M.A.R.T. goals.

We will use the data team process to increase student learning.

We will celebrate our successes, learn from disappointments and continuously improve.

We will engage in obligated dissension and positive feedback (honest, constructive, positive communication).

We will insist on meaningful and as often as possible joyful work.

# Forming Collective Commitments

Consider ..

- What examples do you think would be beneficial to your team?
- What process will you use to establish your collective commitments?
