Rate the standards against the following criteria using a scale from zero to five, where zero represents “not important” and five represents “very important.”

| Criteria: | | Description: |
|-----------|-----------|--|
| R. | Readiness | How important is this standard for student success in the same subject in the next grade level ? |
| E. | Endurance | How important is this standard for student success long after they have left school ? |
| A. | Assessed | How important is this standard for student success on end of grade exams ? |
| L. | Leverage | How important is this standard for student success in multiple subject areas ? |
