TMHS EXPECTATIONS FOR 2022-23

➔ All collaborative teams will have clear norms and plan together for student learning.
  ◆ Leadership teams will meet weekly and focus on campus priorities (CIP) with an emphasis on:
    ● Student data (using data protocol)
    ● Use of student data trackers
    ● Utilization of resources
    ● Monitoring classroom visits and feedback
  ◆ All Content Collaborative teams will meet weekly for a minimum of 90 minutes with a focus on the **four essential PLC questions** including:
    ● Backwards design aligned to the curriculum
    ● Student data (using data protocol)
    ● Student goal setting/data trackers
    ● Utilization of resources
    ● Collaborative Teams will start each meeting by verbally reviewing Team Norms.

➔ All administrators will monitor **initial instruction and intervention** by/through:
  ◆ Ensuring lesson plans are submitted and aligned to the curriculum
  ◆ Being in classrooms **a minimum of a ½ day each week** and providing quality and timely feedback to teachers
  ◆ Develop and implement a systematic approach for providing and monitoring feedback through the use of T-TESS Walkthroughs
