Content Area: ELA

2022-2023

Reading SMART Goal: By the end of ELA unit 3, 100% of the third-grade students will meet standard on determining what the text says to make an inference/draw conclusions and cite specific textual evidence that supports their inference/conclusion as measured by formative assessments and question 4 on the summative assessments.

SMART Goal Results:

Next Steps:

Writing SMART Goal: By the end of unit 3, 100% of the students will be able to write an organized opinion paragraph or multi paragraph paper. It will start with their opinion, have a main idea that they back up with two or more details from the text for elaboration. As measured by formative pieces of writing and their summative assessment.

2021-2022

Reading SMART Goal: By the end of ELA unit 3, 100% of the third-grade students will meet standard on determining what the text says to make an inference/draw conclusions and cite specific textual evidence that supports their inference/conclusion as measured by formative assessments and question 4 on the summative assessments.

SMART Goal Results: 93%

Next Steps: We will continue working on close reading skills and instill this is a life skill. We will work on close reading and leaving a trail of thinking on paper when using online articles/text. We will work on multiple choice questioning. Continue formative work and watching for growth. IAB work and use of Readworks articles. Kayla, Alicia and Khayden struggled with both lit and info articles. They need continued support. Alicia is working with in class WIN. Kayla and Khayden continue with pull out for Corrective Reading.

Writing SMART Goal: By the end of unit 3, 100% of the students will be able to write an organized opinion paragraph or multi paragraph paper. It will start with their opinion, have a main idea that they back up with details from the text for elaboration. As measured by formative pieces of writing and their summative assessment.

SMART Goal Results: 92%

Next Steps: Working on citing their sources. Working on a variety of elaboration techniques to support their evidence from the text.

2020-2021

Reading SMART Goal: By the end of unit 3, 100% of the third grade students will meet standard (RL.3.1) determine what the text says to make inferences/draw conclusions and cite specific textual evidence that supports their inference/drawn conclusion, as measured by formative assessments and end of unit assessments (Question 4 on the literary and informational assessment).

SMART Goal Results: [See TACA form for detailed results from 2020-2021](#)- 91% of our students met this goal.

Next Steps: During unit 4, we will continue building on drawing conclusions, main idea and/or central message. We will also address cause and effect again.

Writing SMART Goal: By the end of unit 3, 100% of the students will be able to write an organized opinion paragraph or multi paragraph paper. It will start with their opinion, have a main idea that they back up with details from the text for elaboration. As measured by formative pieces of writing and their summative assessment.

SMART Goal Results: 92% of our students were able to state an opinion and support their opinion with evidence from the text.

Next Steps: Evidence from the text is weakly integrated. For instance, some kids are still writing lists for their evidence. They are not layering to elaborate or using strong elaboration skills such as similes, defining words or anecdotal notes. These skills have been reinforced, yet many students still are not embedding them naturally into their writing. Students references to the text are more general and need to be exemplified or layered. The lack of layering evidence brought down their evidence/elaboration score. We saw too many students no have clear connections between and among ideas, bringing down purpose and organization score. Finally we have need to get students to edit and revise their work to bring up their convention scores.

2019-2020

SMART Goal: By the end of unit 3, 90% of the third grade students will meet or exceed standard (RL.3.1) determine what the text says to make inferences/draw conclusions and cite specific textual evidence that supports their inference/drawn conclusion, as measured by formative assessments and end of unit assessments (Question 4 on the literary and informational assessment). The remaining 10% of the third grade students will provide specific textual evidence when given the inference/drawn conclusion.

SMART Goal Results: [See TACA form for detailed results from 2019-2020](#)

Next Steps:

2018-2019

SMART Goal: By the end of unit 3 “Communities Across Time”, 40% of students will be at or above standard for 3.RL.3 drawing conclusions and support their conclusions with evidence from the text as measured by formative assessments and summative assessment questions 3 & 4 from the literary passage. The remaining 60% of students will be able to draw a conclusion or provide evidence from the text that would support a given conclusion.

SMART Goal Results:40% of our students met the SMART Goal standard on the end-of-unit assessment. When we include our formative data, 59% of our students met the SMART Goal. Our students who fell in the yellow on the assessment averaged 35%, which is an increase from last year's data at 28%. Students in the red decreased from 48% last year to 31% this year. [See TACA form for detailed results from 2018-2019](#)

Next Steps: Focus on questioning with two-part questions. Looking for claims and supporting evidence in a multiple-choice format.

BIG IDEAS:

Communities Across Time

ESSENTIAL QUESTIONS:

How do people affect their environment? How does the environment affect people?

How will students be able to identify a character and describe their physical and emotional traits?

How will students be able to explain how characters' actions cause events to happen in a certain order or sequence in a story?

How will students be able to tell about the time, sequence, and cause and effect of a historical event?

Of scientific ideas?

Of steps in a procedure?

How will students be able to produce clear and coherent opinion writing?

- B. Provide reasons that are supported by facts and details.
- C. Link opinion and reasons using words and phrases (e.g., for instance, in order to, in addition).
- D. Provide a concluding statement or section related to the opinion presented.

4.SL.3- Identify the reasons and evidence a speaker provides to support particular points.

Lessons learned meeting with 2nd grade

Discussion on Central Message/lesson learned 2nd uses lesson learned and 3rd uses Central Message

Revise vs Edit, 2nd mostly uses edit and works on fixing punctuation while third grade also has them revise by looking for things to add such as expanding details or digging deeper into the evidence.

Claim/evidence is used only with the higher in 2nd grade.

2nd working towards characters change begging, middle to end 3rd working towards drawing conclusions and summary

3rd for opinion writing students are working topics that include the two star idea themes and citing their source at least once.

Lessons Learned Meeting with 4th Grade

[Con academy has a video on theme](#)

4th cause and effect is related to sequencing and write in detail

The Students need to know the describe means give examples in sentences and not a list.

Common Core Essential Elements -

3.SL.3 - EE.SL.3.3 Ask or answer questions about the details provided by the speaker.

Students will select one detail from a text presented.	Students will ask or answer questions about the details presented.	Students will ask questions about one detail presented.

Intervention Plan

Focus - Clearly communicate thinking about reading in speaking and writing.

- I can use close reading skills to help me comprehend text.
- I can make a claim or restate a provided claim depending on what the question is asking.
 - speaking or writing a complete sentence
- I can provide evidence from the text to support my claim.
- I can provide evidence for a claim that is provided.
 - speaking or writing in complete sentences

These are big overarching targets for any standards we are working on and build on the focus on close reading from unit 2 intervention.
